CONTACT LIST

01

CONTACT LIST

In the search bar, type in the First and Last Name format of the learner you are adding and hit enter. This is to validate if the learner has already been added and avoid duplicate.

The screenshot shows a web interface titled "Assign Contacts". At the top right, there is a search bar with a magnifying glass icon and the text "Search", and a blue button labeled "New Contact". Below the search bar is a table with the following columns: "Contact Name", "Email", "Mobile", "LMS ACCESS", "Tag", and "NPS Promoter". Each column has a menu icon (three horizontal lines) to its right. The table contains one row with the following data:

Contact Name	Email	Mobile	LMS ACCESS	Tag	NPS Promoter
☐ Maureen Schoeninger	mschoeninger@alixpartners.co	m			

02

DUPLICATE

Upon entering the full name and an exact learner's details appear like below, tick on the box next to the name to associate this contact detail with the workshop.

The screenshot shows the same "Assign Contacts" interface as before, but the search bar now contains the text "Maureen Schoeninger" and has a small 'x' icon to its right. The "New Contact" button is still present. The table below remains the same as in the previous screenshot.

VALIDATE FOR DUPLICATION

01

NO DUPLICATE

When the data appears like below, the contact has no duplicate and so you are ready to go to the next page to complete adding the learner's information.

02

NEW CONTACT

Click on the New Contact button and you will be directed on the page where you will add the details of the learner.
